

## Attention Students and Faculty

As we get into fall and winter, we realize there is some misunderstanding about the dress code policy. Let me first say how much we appreciate the vast majority of students who make every effort to follow the dress code policy. To clarify:

- School shirts are mandatory even when wearing a school approved hoodie or jacket. There have been no changes in the policy. Students must wear approved T-shirts, polos, sweatshirts and jackets with the KHS logo and **must wear school approved shirts underneath KHS hoodies and jackets that zip in the front**
- On very cold days (the high temperature is around 50 degrees, it is windy and/or it is rainy) the administration will be lenient about students wearing **parkas and heavy coats** over school approved shirts, sweatshirts, and jackets **OUTSIDE only**. **Students may NOT substitute non-approved sweatshirts, light jackets, fleeces, and windbreakers on those days**
- Heavy winter coats and parkas are **NEVER** permitted in the classroom, library, offices, or in cafeterias
- Hats and beanies are not permitted from 1<sup>st</sup> bell to last bell; approved KHS sweatshirts and jackets have hoods that may be worn up **OUTSIDE only**
- Pajamas and slippers are **NEVER** permitted
- Sagging pants that reveal underwear are **NOT** permitted
- This notice is your warning; write-ups will result in consequences including detention and Saturday school
